## REPORT OF SCHOOL BOARD.

---

Our schools have suffered very much during the year past on account of sickness, and a change of teachers in all the schools has seriously retarded the work.

We have had epidemics of measles and whooping cough, which have given a low average in attendance, and broken the usual arrangement of the terms.

We have discarded Frye's geography and introduced the Natural, hoping thereby we may obtain better results in this important study.

All our teachers have had considerable previous experience in teaching, and every one has taken some special course to fit her to teach.

The spring term of the Grammar school was taught by Miss Rose Lanphear of Boston, who was faithful in her work. A good position near home being offered Miss Lanphear, we then secured the services of Miss Mabel R. Jordan of West Lebanon, a graduate of Kimball Union Academy and Plymouth Normal School, who is still in charge of the school.

The Primary school was taught during the first term by Miss Kate Fuller of North Andover, Mass. She, too, found a larger field for her work, and in her place we secured Miss Ina M. Balch, a graduate of the Johnston, Vt., Normal School. Miss Balch has been doing good work, but has been out of school somewhat during the third term, on account of sickness, and Miss Grace E. Sullivan of Allenstown has substituted for her.

Miss Caroline M. Dalton came back to the Rural school for the spring, but feeling the need of rest and change, left at the close of that term. We were fortunate to fill her place with Miss Edna J. Laird of Prince Edward's Island, who came highly recommended, and has given general satisfaction.

We have had three terms, one of twelve weeks, one of thirteen,

and one of nine. There will be a long spring term, that we may have our usual school year of thirty-six weeks.

The annual school meeting will be held at the brick school-house, Saturday, March 16, at two o'clock.
